☎ 973-243-7908

Overview

Amy Shammas is the Firm's Clinical Consultant Pharmacist, providing guidance to the Healthcare and Life Sciences Practice Groups on pharmacy-related issues. Her role includes advising on PBM audits, government investigations, and regulatory compliance.

Amy brings a wealth of diverse clinical experience to her role, having worked across retail, hospital, and long-term care pharmacy practice settings. Prior to joining Mandelbaum Barrett PC, she served as a Clinical Consultant Pharmacist for a leading national PBM, where she partnered with local physician groups to implement state health plan initiatives aimed at enhancing patient care.

Additionally, Amy has held the role of Clinical Coverage Policy Analyst, where she collaborated with bio-pharmaceutical companies to provide managed markets with coverage policy and formulary access insights for high-spend drugs and complex medical indications.

As part of the team, Amy's unique combination of clinical, strategic and analytical experience ensures that the firm's clients receive comprehensive guidance in the dynamic healthcare and life sciences sectors. In addition to her clinical responsibilities, Amy serves as Senior Marketing Manager, leveraging her multidisciplinary background to support the firm's strategic marketing initiatives and business development goals.
