About JD Supra's Readers' Choice Awards

The Readers' Choice Awards recognize top authors and firms who were read by C-suite executives, in-house counsel, media, and other professionals across the JD Supra platform during 2025.

This year, the awards recognize:

- authors for their visibility and thought leadership covering 33 key, cross-industry topics (10 authors per category, barring ties)

- firms for their visibility and engagement in the 33 topics covered by the awards (one firm per category).

Methodology

As the name suggests, the Readers' Choice Awards reflect a deep dive into our 2025 reader data, in which we studied total visibility and engagement among readers across many industries interested in certain defining topics of the day.

JD Supra editors chose the 33 main topics covered in this year's Readers' Choice Awards for their timeliness as well as their proven, ongoing importance. In each category, we recognize ten authors and one firm for consistently highest readership and engagement within that category for all of 2025. In total, across all categories, we recognized the excellence and achievement of 342 authors selected from over 70,000 who publish their excellent work on our platform.

Along with a top firm in each category, we also feature additional reader data, including the top five most-read articles, popular related topics, total number of authors, and other category-specific information.

Year to year, Readers' Choice Award categories may change or be expanded to include additional industries or topics.
